Who are we?

Cult & Boutique is a wine management company first, with over a decade of industry experience. We source a wide range of fine wines for clients looking to invest, as well as those looking to purchase for immediate drinking. As a result, we have direct access to an impressive collection of wine, that we are able to immediately distribute to our customers.

As such, we are always looking for more ways to get the best wines out to those who want them. 'Wrapped' is one of these ways, allowing your company to take full advantage of our wine sourcing practices, including optimum wine storage conditions, quality and provenance assurance, and fast delivery. Wine is what we do, and through this unique service, gifting wine has never been easier.

Personalisation

When sending gifts to clients, it is the personal touches that count. That's why we offer a range of ways to make your wine gifting truly bespoke. If there is a certain year that means a lot to your client, we can source wines with that specific vintage. We can source wines based on preferences of country, region, grape varietal, producer, or even label style. If you send us details of your specific requirements, we can put together a wine list that meets your specifications.

Giftwrapping

We aim to make your corporate gifting experience as seamless as possible. That's why we offer to either send the wines to you, or directly to your clients.

Each wine will be wrapped and accompanied by its tasting notes and a personal, hand-written card, containing your desired message. Both tasting notes and message card can also display your own branding. Being first and foremost a wine management company, we already have direct access to the wines we offer you. This allows us to keep source costs low, and therefore can pass those benefits over to you. The prices you pay are for the wines and delivery only.

Our Offer

Our pricing is calculated through price per bottle plus delivery. All gift wrapping and personalisation is free of charge.

(Specific wine prices will be detailed in your personalised wine brochure once we have discussed your wants and needs.)
